

ENSTONE PRIMARY SCHOOL

Home Activity Record

Tick the box when you have completed an activity (you can complete them more than once). You could keep evidence: drawings, photographs and written explanations etc. of the things you have done. Bring it into school on the first day back. House points will be awarded for evidence that you have tried some new activities. There are some blank lines at the bottom for you to fill in other things you have done. Have fun and try something new!
